

PICTURES' STORIES

Günümüz çocuklarında yerli kültüre ilgisizlik ile ilgili konulara değinmektedir:

Modern okul çocukları, sanat ve kültürden ziyade yeni teknolojilere ilgi duyuyorlar. Dahası, kendi tarihi kültürel miraslarıyla ilgilenmiyorlar.

Sanat eserleri, sanatçılar ve hikayeleri hakkında ilginç bir şekilde öğreneceğiz. Sanatçı ve sanat araştırmacısı olmaya çalışacağız.

ENGLISH

This is an international eTwinning project . The founder schools are from Portugal and Turkey. Students age: 10 to 15

Diversity activities teach young children to respect and celebrate the differences in all people. Learning about different cultural aspects offers new experiences for children.

It also helps them realize that we're all humans, despite differences in how we look or dress, or what we eat or celebrate and inportance of democracy in classes. Games and activities offer a fun way for young children to learn about differences and similarities among people and to introduce the concept of diversity. All types of differences such as race, religion, language, traditions, and gender can be introduced this way.

Learning about other cultures is an important part of any pupil's education. Game activities will help educate our young learners and will be fun for the whole family

**It addresses to the issues connected with the absence of interest to native culture in today's children:
Modern schoolchildren are more interested in new**

technologies than in art and culture. Moreover, they are not that interested in their own history cultural heritage.

We integrate these issues focusing on the EDUCATIONAL, ENTERTAINING and CONSOLIDATING roles of partners.

We will learn about pieces of art, about artists and their stories in an interesting way. We will try to be artists and art investigators ourselves.
